The Campaign For North Africa:

The Campaign for North Africa, 1980 *The North African Air Campaign* Christopher M. Rein, 2012-11-30 In the summer of 1942 Axis forces controlled almost the entire southern shore of the Mediterranean. Less than a year later they had been swept from the African continent thanks in no small part to efforts of the fledgling U S Army Air Force. Indeed USAAF in North Africa emerged as a senior partner in the Alliance, supplying aircraft and crews at a rate the other partners were unable to match. Going beyond the sparse analysis of North African air operations in previous accounts, Christopher Rein shows how American fighter planes and heavy bombers employed in almost exclusively tactical and operational roles played a pivotal role in the Alliance's successful ground campaigns. This aerial armada also had a significant negative impact on enemy logistics through its bombing raids on Axis ports, shipping, and airfields. In the process, USAAF helped foster and develop a pattern of inter-service cooperation that remains at the foundation of American close air support doctrine today. Rein chronicles the emergence of USAAF in the late interwar and early WWII periods as a more heterogeneous and creative fighting force than earlier works have led us to believe. He then analyzes little-known aspects of the war, including early air operations in the eastern Mediterranean and in the TORCH landings. He explores some of the key issues confronting Eisenhower, such as how to establish USAAF priorities and how to deploy long-range bombers, fighters, and attack forces. In describing the struggle for balance in the employment of air assets between strategic bombing and interdiction in a time fraught with inter-service rivalry, he shows how, despite occasional mistakes such as the heavy losses involved in the Ploesti raids, USAAF struck a suitable balance and even invested more assets in interdiction than traditional accounts of strategic bombardment would suggest. A virtual operational level history of the USAAF during the formative period of American airpower, Rein's account pulls together material from diverse sources to demonstrate that today's Air Force emphasis on mobility, intelligence, reconnaissance, and close support for ground forces have deep roots. By showing that the Army Air Force in World War II did not neglect support for ground and naval forces in order to concentrate exclusively on strategic bombing, it suggests lessons for military and civilian leaders in the employment of air forces in current and future conflicts.

Desert War Alan Moorehead, 2001 North Africa was the site of some of the most volatile battles of World War II. For journalist Alan Moorehead, it was war in its purest form: a knight's tournament in empty space. In *Desert War*, which includes the complete texts of *The Mediterranean Front: A Year of Battle* and *The End of Africa*, Moorehead writes about what he saw. He recounts with dazzling prose and intimate detail the heroes and legends, the soldiers and prisoners, the military strategies, the strengths and weaknesses of those involved, and portraits of generals Rommel, Montgomery, and Patton. Woven throughout are observations on the landscape, the Mediterranean shores, and the vast desert, which inevitably played a role in shaping the battles. For Moorehead, desert warfare resembled war at sea. Men moved by compass. No position was static. Each truck or tank was as individual as a destroyer. Written by a man who lived and breathed the conflict in North Africa during World War

Kitchen,2009-09-03 At the height of his power in January 1941 Hitler made the fateful decision to send troops to North Africa to save the beleaguered Italian army from defeat Martin Kitchen's masterful history of the Axis campaign provides a fundamental reassessment of the key battles of 1941 3 Rommel's generalship and the campaign's place within the broader strategic context of the war He shows that the British were initially helpless against the operational brilliance of Rommel's Panzer divisions However Rommel's initial successes and refusal to follow orders committed the Axis to a campaign well beyond their means Without the reinforcements or supplies he needed to deliver a knockout blow Rommel was forced onto the defensive and Hitler's Mediterranean strategy began to unravel The result was the loss of an entire army which together with defeat at Stalingrad signalled a decisive shift in the course of the war *First Blood in North Africa* Jon Diamond,2023-06-14 A pictorial history of America's first major military campaign in Africa during WWII In November 1942 eleven months after Pearl Harbor the U S launched Operation Torch a multipronged attack on French North Africa a region controlled by Germany through Vichy France Led by Generals Eisenhower and Patton it was America's first major offensive against the Germans Through rare wartime images this book vividly chronicles the initial landings in Morocco and Algeria and the subsequent desert clashes in Tunisia as American forces battled the German Afrika Korps of Erwin Rommel the famous Desert Fox **Zama 202 BC** Mir Bahmanyar,2016-09-22 The battle of Zama fought across North Africa around 202 BC was the final large scale clash of arms between the world's two greatest western powers of the time Carthage and Rome The engagement ended the Second Punic War waged from 218 until 201 BC The armies were led by two of the most famous commanders of all time the legendary Carthaginian general Hannibal renowned for crossing the Alps with his army into Italy and the Roman general Publius Cornelius Scipio who along with his father was among the defeated at the battle of Cannae in 216 BC Drawing upon years of research author Mir Bahmanyar gives a detailed account of this closing battle analysing the tactics employed by each general and the forces they had at their disposal Stunning specially commissioned artwork brings to life the epic clash that saw Hannibal defeated and Rome claim its spot as the principal Mediterranean power **African Trilogy** Alan Moorehead,1998 The Australian writer Alan Moorehead was the only World War II journalist to cover almost the entire war in North Africa African Trilogy first published in 1944 is his acclaimed account of the prolonged battles between the Allies and the Axis powers in North Africa from 1940 to 1943 *The War Against Rommel's Supply Lines, 1942-1943* Alan Levine,1999-06-30 An exciting account of a little known yet vital part of World War II the Allied effort to blockade Axis forces in North Africa with a relatively small number of planes and submarines included some of the war's most spectacular air battles and opened the way to the attack on Fortress Europe from the south This is the first book length treatment of the crucial struggle to cut Axis supply lines in the Tunisian campaign of 1942 1943 a battle often ignored or played down even by official historians The campaign marked the first big U S victory against the Axis powers and served as a proving ground for several top Allied commanders This study fills an important gap in the history of the war reevaluating

the development of Allied airpower and the role of Italy in the campaign Allied success in interdiction was a critical factor in the greatest Allied victory in the Mediterranean campaign a victory which left the enemy so weakened that it could not stop the subsequent invasion of Europe from the south Despite initial disorganization and early disappointments the British waged one of only two successful submarine campaigns ever fought This study describes some of the war s most amazing air battles notably Operation Flax against the enemy s air transport fleet and attacks on convoys all interwoven with the events of the ground war in the desert and comparisons with the Pacific effort It details the struggle to reorganize and improve the Allied effort the belated success of sea sweeps against enemy ships and the final victory in the spring of 1943 in which an air blockade was clamped on the sea and sky approaches to Tunisia *Desperate Venture* Norman Gelb,1992 The 1942 invasion of North Africa which developed the strategy and techniques crucial to Germany s ultimate defeat is re created by historian Gelb This impeccably researched account tells how the Allies learned to work together in the midst of confusion blunders and bitter conflicts Maps notes and photographs *Luftwaffe in Africa, 1941-1943* Jean-Louis Roba,2019-11-19 This WWII history examines Nazi air force operations in Egypt and Libya with more than 100 rare wartime photographs When Mussolini s army was defeated on the Libyan Egyptian border at the beginning of 1941 Adolph Hitler had no choice but to send reinforcements to help his ally The Luftwaffe deployed an air detachment first to Sicily then to North Africa This volume examines the small expeditionary force solely devoted to protecting Italian possessions in the Mediterranean and Middle Eastern theater When General Erwin Rommel launched his Afrika Korps to the east the Luftwaffe had to go on the offensive to cover the advance As British air forces were strengthened German High Command was obliged to send more aerial units into what it had initially considered a peripheral arena of the war Losses in bombers and fighters were high on both sides By the time the Allies landed in Morocco and Algeria at the end of 1942 the Wehrmacht s fate was sealed The last German units capitulated in Tunisia in May 1943 *Gazala 1942* Ken Ford,2011-01-01 Illustrated by contemporary photos and specially commissioned maps this book is a fascinating account of Rommel s greatest victory Following a lull in the desert war which saw the Germans and British reinforce their armies Rommel suddenly attacked British fortifications with an assault on the northern sector of the British line near Gazala Pinning down the British in the north and outflanking the 1st Free French Brigade Rommel succeeded in encircling the main British positions trapping them in what became known as The Cauldron With thousands of British soldiers killed or taken prisoner this was a devastating defeat for the Allies Accompanied by contemporary photographs and maps depicting the movement of both armies Ken Ford provides a masterful study of Rommel the Desert Fox at the height of his powers as he swept the British army back to the site of their final stand at El Alamein *The Italian Army In North Africa* Walter S. Zapotoczny Jr.,2018-08-17 Previously unpublished analysis of why and how the Italians fought A look at the role the Italian Army played in North Africa as part of the Deutsches Afrika Korps German Afrika Korps In spite of poor leadership the Italian soldier performed well against all odds in North Africa Profusely

illustrated with many rare and unpublished images The German soldier has impressed the world however the Italian Bersagliere soldier has impressed the German soldier Erin Rommel aka The Desert Fox When most people think of the Italian Army in North Africa during the Second World War they tend to believe that the average Italian soldier offered little resistance to the Allies before surrendering Many suggest that the Italian Army performed in a cowardly manner during the war the reality is not so simple The question remains as to whether the Italians were cowards or victims of circumstance While the Italian soldier s commitment to the war was not as great as that of his German counterpart many Italians fought bravely The Italian Littorio and Ariete Divisions earned Allied admiration at Tobruk Gazala and El Alamein The Italian Army played a significant role as part of the German Afrika Korps and made up a large portion of the Axis combat power in North Africa during 1941 and 1942 In the interest of determining how the Italian Army earned the reputation that it did it is necessary to analyse why and how the Italians fought The Jews of the Middle East and North Africa Reeva Spector Simon,2019-09-20 Incorporating published and archival material this volume fills an important gap in the history of the Jewish experience during World War II describing how the war affected Jews living along the southern rim of the Mediterranean and the Levant from Morocco to Iran Surviving the Nazi slaughter did not mean that Jews living in the Middle East and North Africa were unaffected by the war there was constant anti Semitic propaganda and general economic deprivation communities were bombed and Jews suffered because of the anti Semitic Vichy regulations that left them unemployed homeless and subject to forced labor and deportation to labor camps Nevertheless they fought for the Allies and assisted the Americans and the British in the invasion of North Africa These men and women were community leaders and average people who despite their dire economic circumstances worked with the refugees attempting to escape the Nazis via North Africa Turkey or Iran and connected with international aid agencies during and after the war By 1945 no Jewish community had been left untouched and many were financially decimated a situation that would have serious repercussions on the future of Jews in the region Covering the entire Middle East and North Africa region this book on World War II is a key resource for students scholars and general readers interested in Jewish history World War II and Middle East history **At Dawn We Ate Sugar Smacks** Soren Narnia,2014-10-22 A lifelong board gamer Soren Narnia decided one day to dive into the deep end of monster wargaming This is the story of what happened next *The Desert War* Alan Moorehead,2017-03-08 Alan Moorehead was a peerless war correspondent who covered the entire war in North Africa from 1940 1943 The trilogy of books he wrote on the prolonged battles between Montgomery s Eighth Army and Rommel s Afrika Corps immediately drew universal acclaim and remains an epic account as extraordinary now as it was then This reissue of Alan Moorehead s classic trilogy on the North Africa campaign 1940 1943 will coincide with the 75th anniversary of the Battles for El Alamein in July and October 1942 **African Trilogy** Alan Moorehead,1944
